A CELEBRATION OF SPRING

19th-21st NOVEMBER 2021

*Celebrating Spring with a weekend of stunning floral displays in the shopfronts of Daylesford and surrounds*

Welcome to our wonderful streetscape:

An initiative of the Daylesford and District Horticultural Society in association with the Friends of Wombat Hill Botanic Gardens, 'Sprout' reflects the notion of new life, growth and the cheerfulness of Spring.

Shop fronts in the main streets of Daylesford and surrounds have been transformed with gorgeous floral decorations to bring an air of optimism and joy to the region. This has been achieved by talented floral stylists and over 40 community groups working together to create 120 installations from magnificent floral produce of local gardens.

'Sprout' brings people to the streets of Daylesford and district to celebrate new beginnings and provide a sense of optimism for the future.

We welcome you to our region and hope this event brings you Spring happiness and joy!

The success of this event is due to contributions by our whole community. 'Sprout' has been made financially viable through substantial sponsorship by the Hepburn Shire Council and the Community Bank Daylesford District.

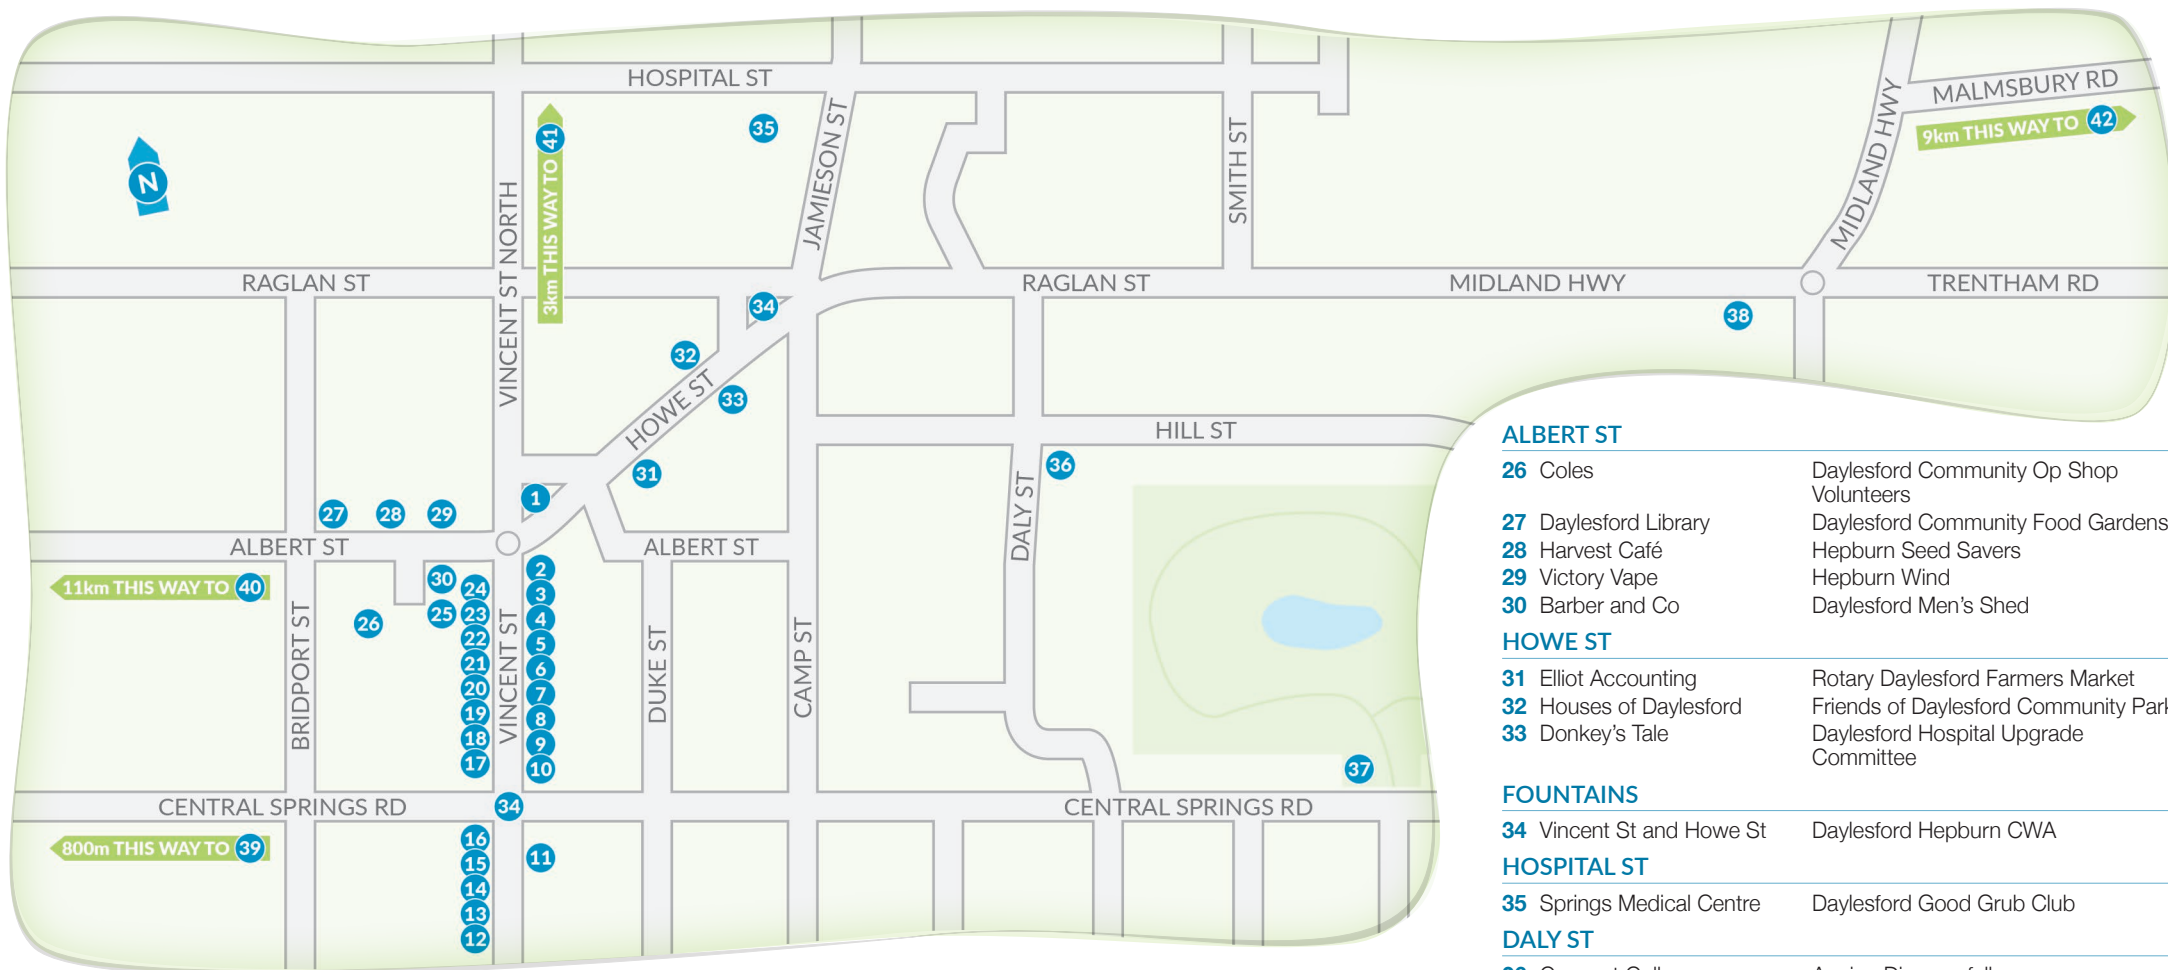

Our traders have enthusiastically participated by providing a venue for the installations. Over 40 community groups have given their time and skills to create wonderful installations. Members of the Daylesford and District Horticultural Society and Friends of Wombat Hill Botanic Gardens have supported this venture with their time, energy and resourcefulness as well as magnificent donations of foliage and flowers from their gardens.

Thank you one and all for your wonderful contribution to this innovative event.

We acknowledge the Djaara people of the Dja Dja Wurrung Country, the Traditional Owners and Custodians of the land on which we, the people of Hepburn Shire, work and live.
